

ROSSES POINT MY HOMETOWN

I love to sing about Sligo

That county by the sea
And the village I was born in
And is so dear to me

Where I spend my childhood

And strolled along the sea
And my parents earn their living
And gave me the love I need

CHORUS

Rosses Point, my hometown

The village I love to be

Rosses Point, my village

My village by the sea

The time came I went rambling

To a country far away
There I earned my living
And had a place to stay

But there I start longing

For that country me so dear
And on a day I will go back
To my village by the sea

CHORUS

So one day I decided
To go back home again
To that lovely village

Wherever I want to stay

I hope to see my family
And also some old friends
And to walk along the waterside
For never to go back again

CHORUS
