

SHE HAD A GREAT DAY

Molly was walking from Sligo to An Ros
The sun shone bright and the wind it was soft
She was on the way to her Aunty Kay
Who lives in a cottage near Sligo bay

Chorus

She had a great feeling, she had a great day
As she was walking to Sligo bay

On the way she hip hopped and was singing a song

When a farmer's boy came passing along
A cow in his hand he was on the way
All to Sligo, to the market day

Chorus

When the boy was passing she gave him a smile

And he smiled back and he stopped for a while
And asked for the reason she laughed at him
It's the good mood she said I am in

Chorus

They had a nice talk and she felled in love

He also would not think on cow or a dove
They jumped behind bushes and did there thing
And many a bird went on the wing

Chorus

But after nine month she got a nice twin

And one she called Kay and the other Jim
She lives there in her nice Sligo home
With her Kay and Jim, so not alone

Chorus

Now again she hip hopped along the way

With her Kay and Jim to see Aunty Kay
But one thing is sure, she wills never more
Stopped for a talk with a farmers boy

Chorus (2x)
